

moda.ai

fashion made easy

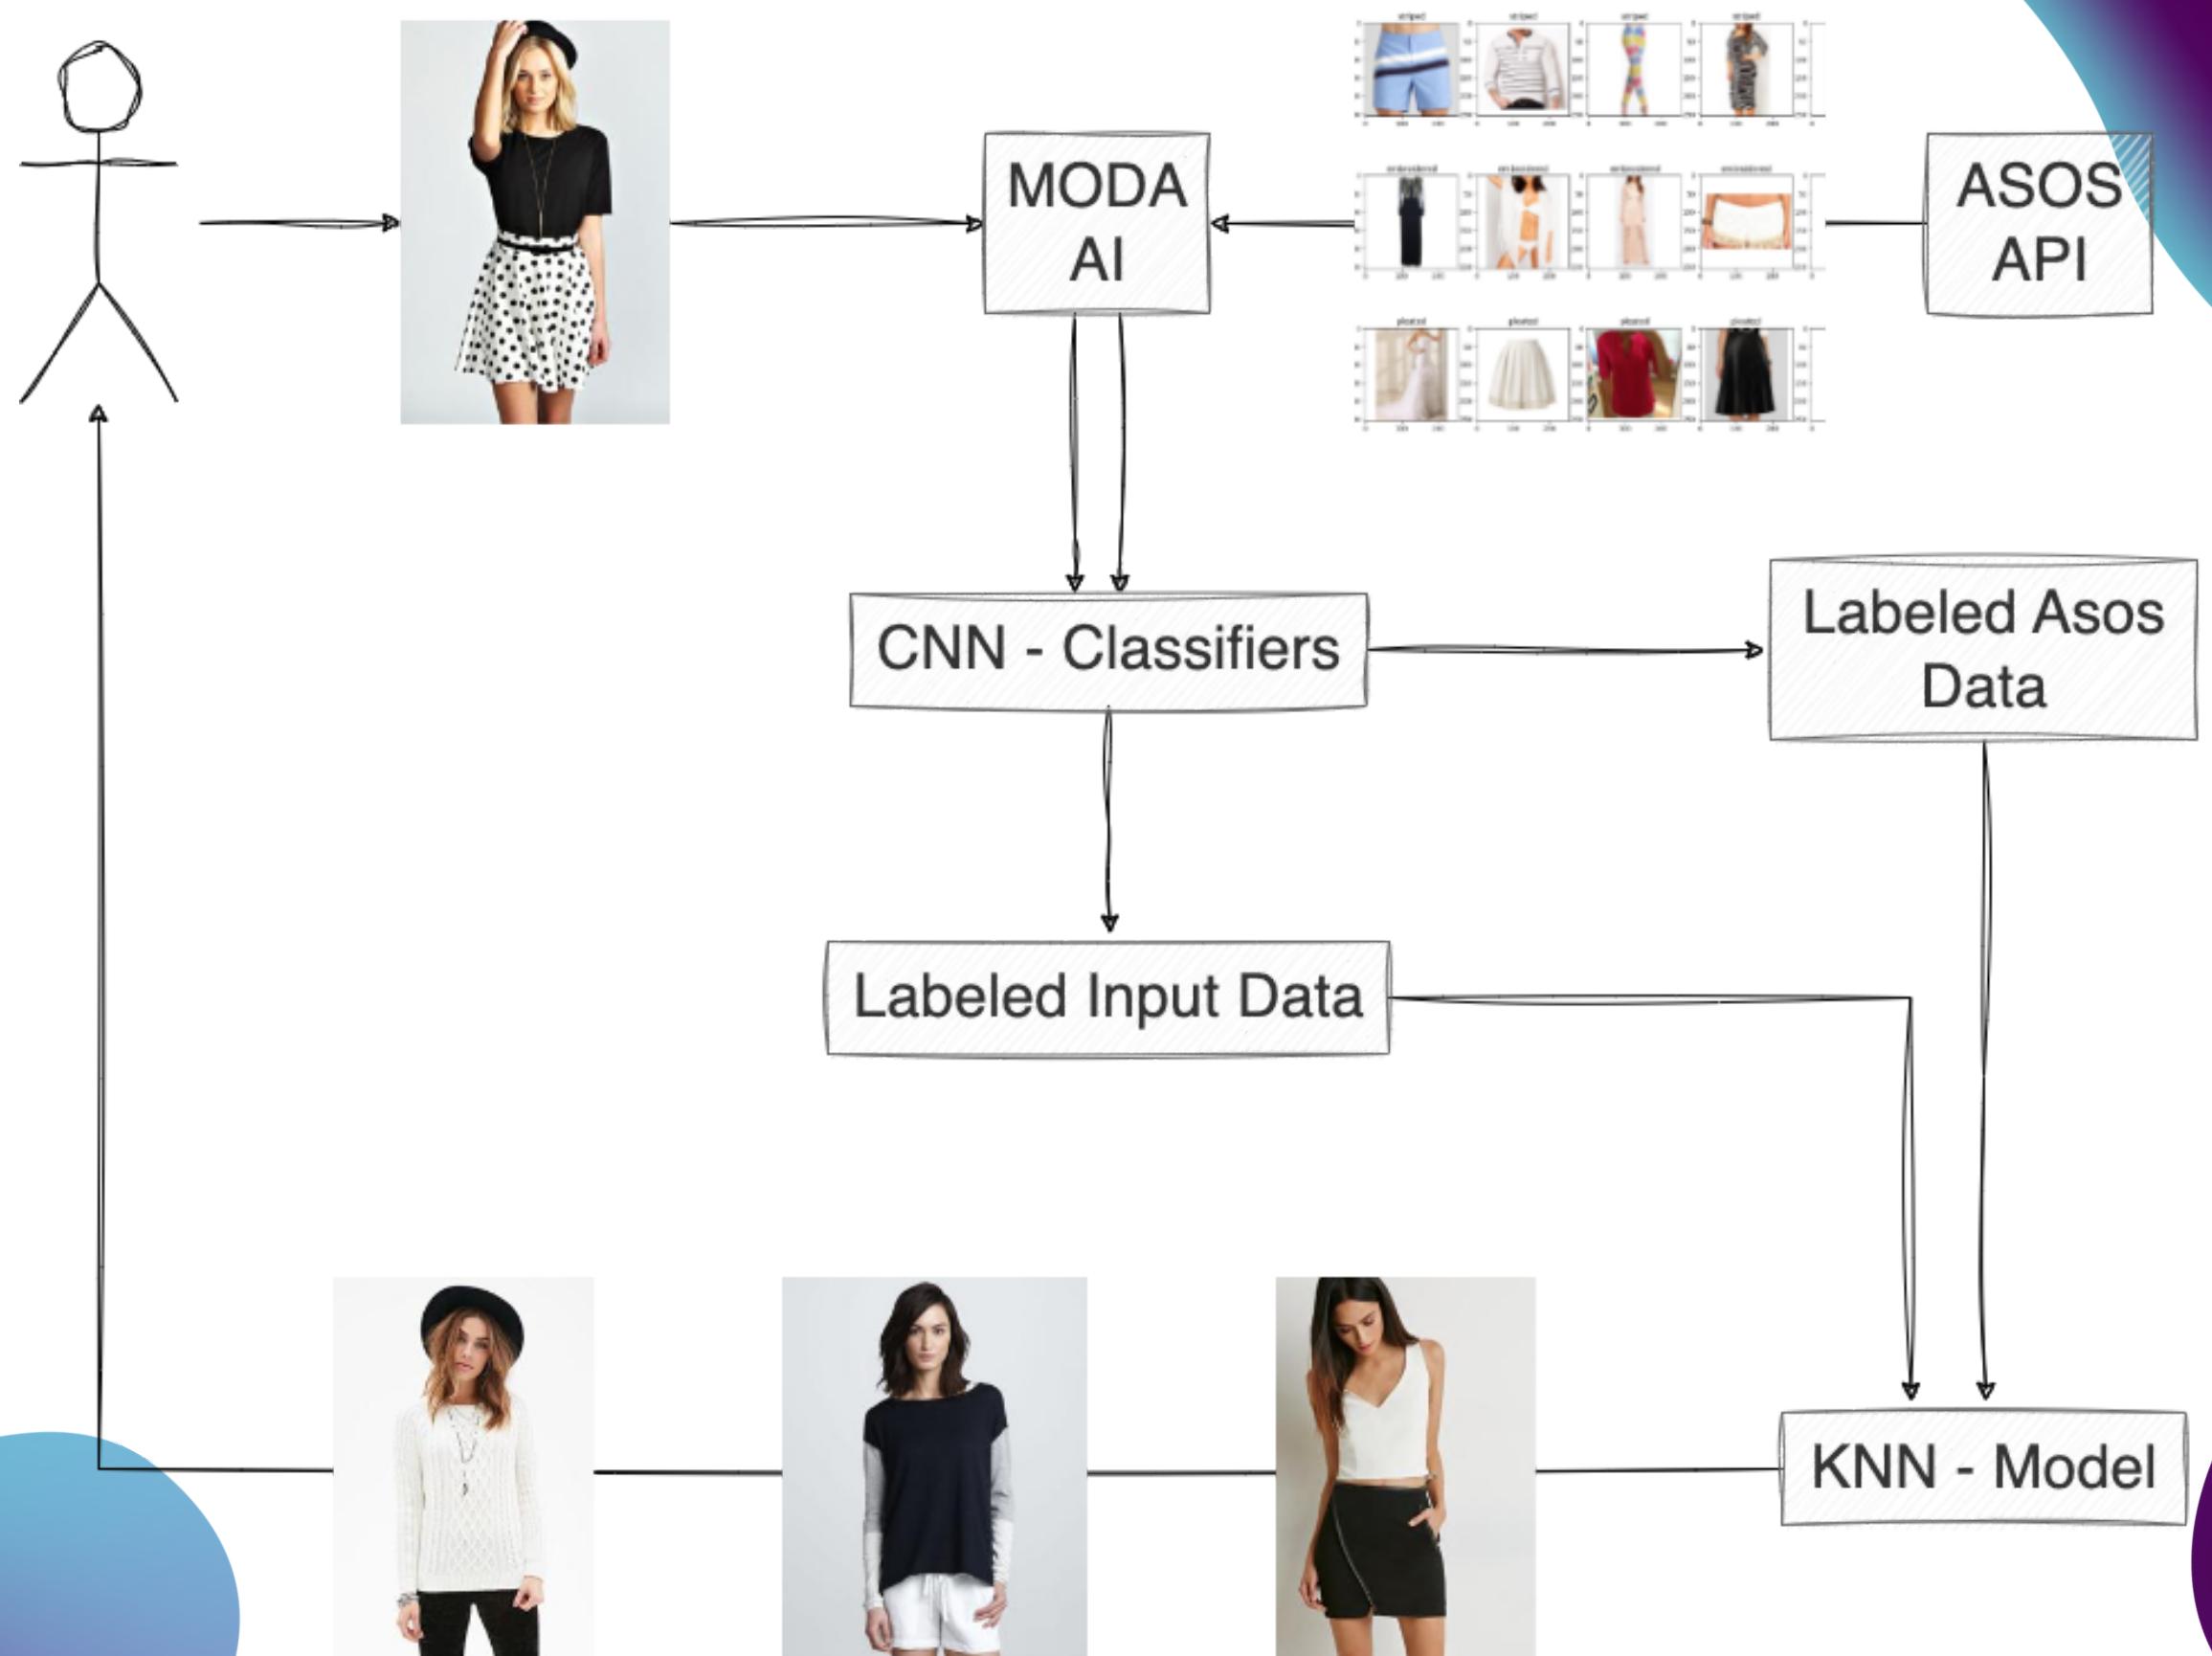

What should I
wear?

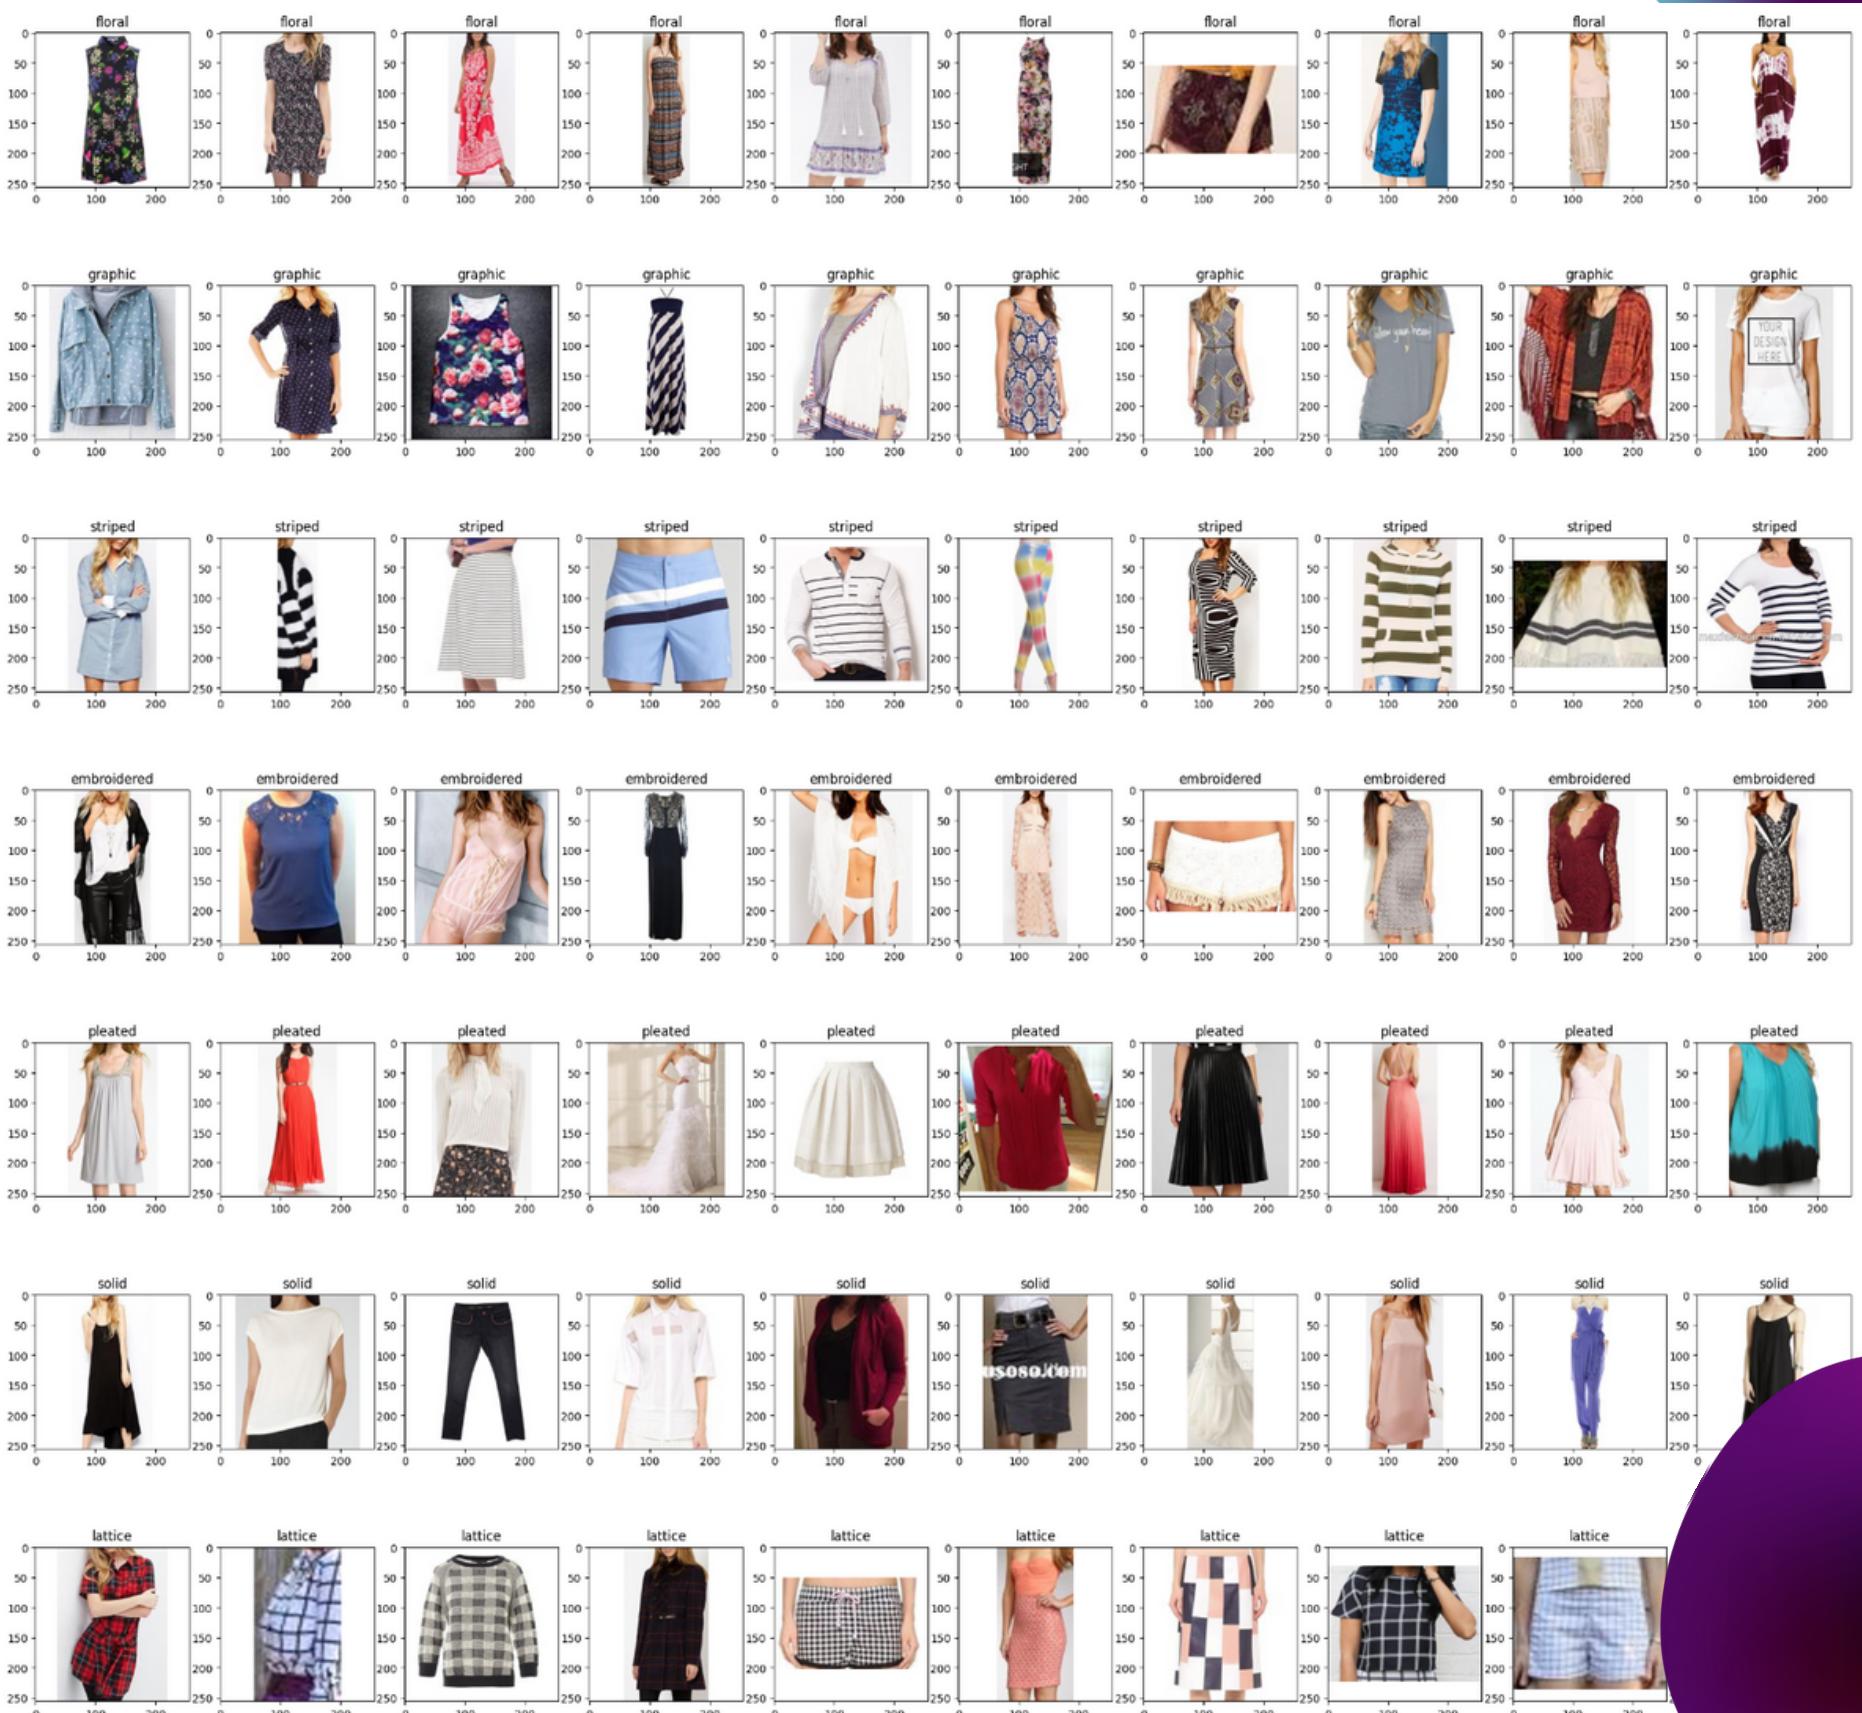

**«We spend almost ONE YEAR deciding
what to wear in our lifetime»**

Source: The Telegraph, 09.07.2009

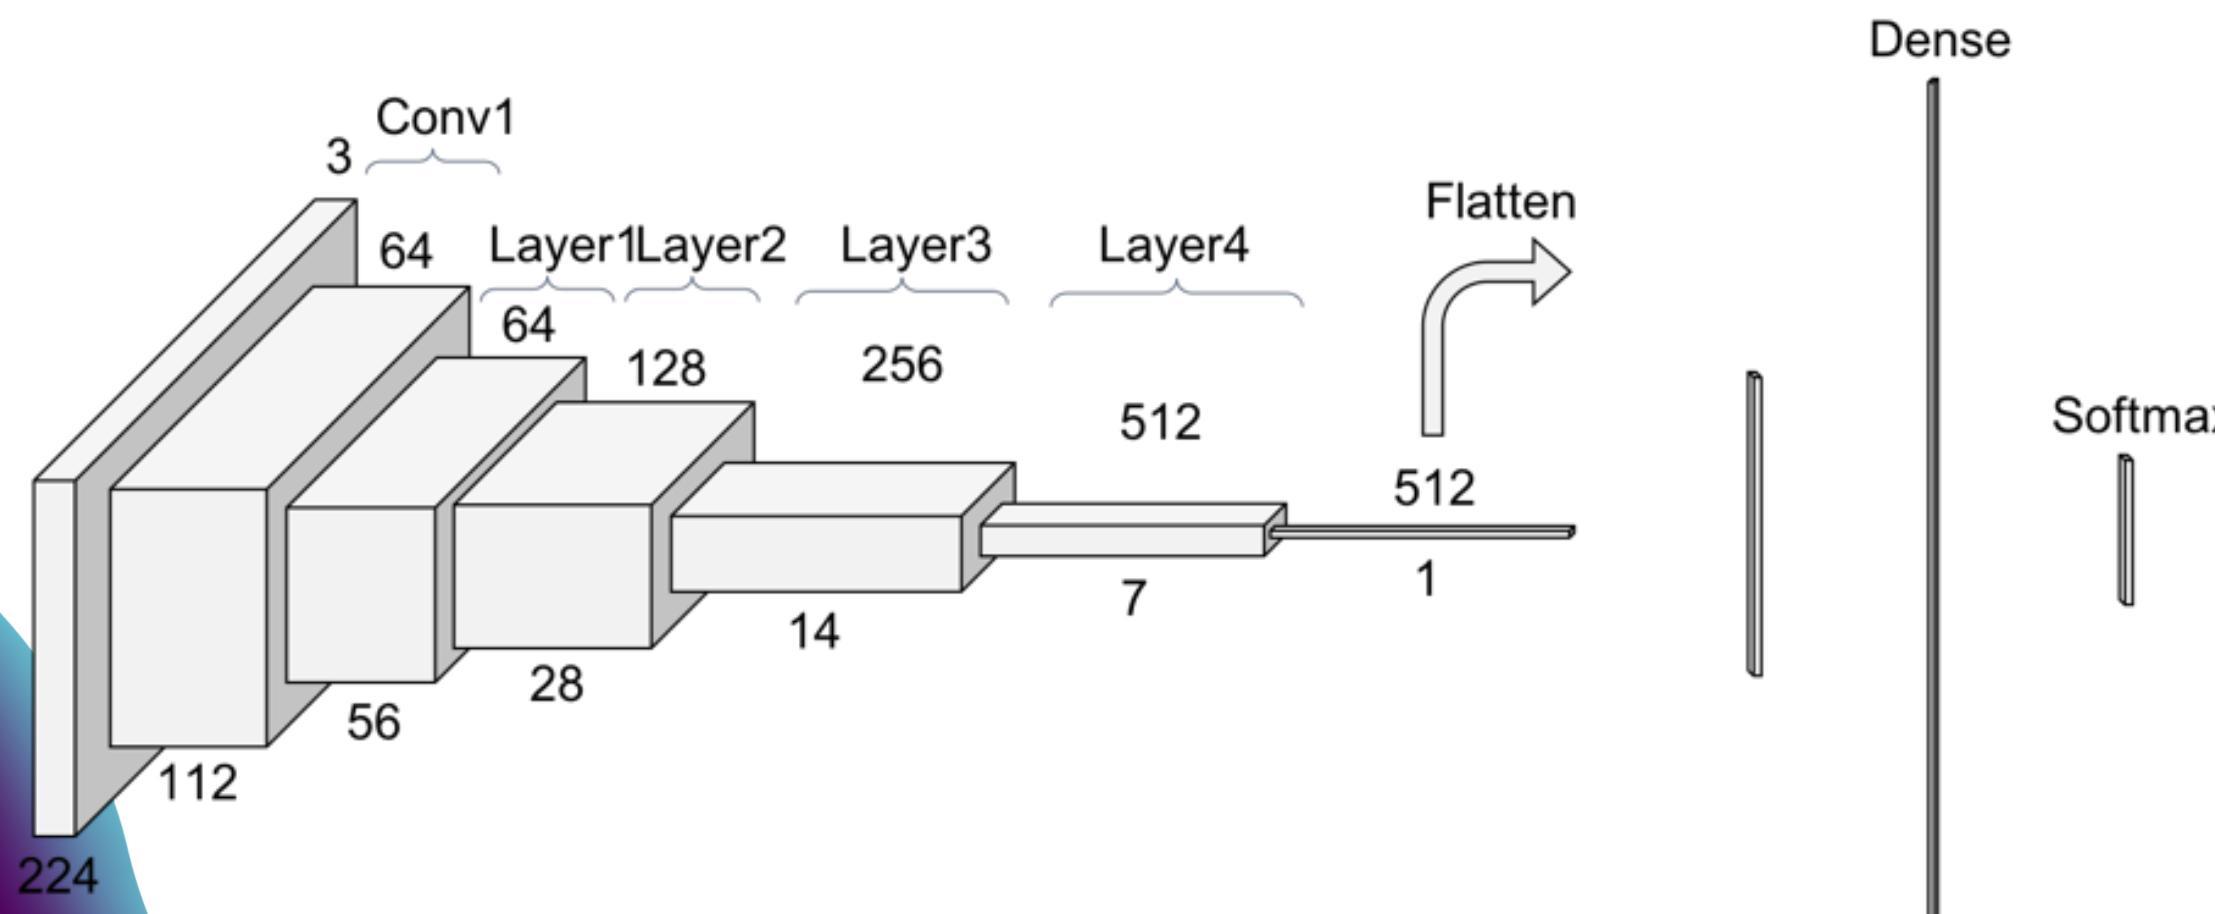

how moda saves your time!

dataset

CNN models

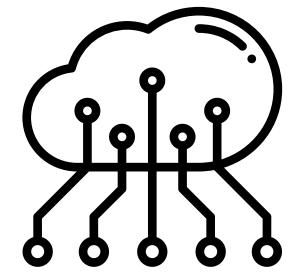

- Trained 9 CNN Classifier
- Accuracy ranging from 70-95% dependent on classification
- Got the best results in finetuning ResNet-50 transfer models

live-demo

next steps and improvements

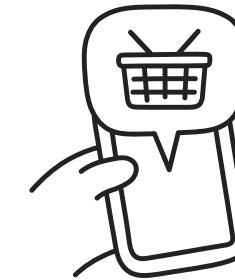

more data for better models

fine-tune the models on more and better labeled data

reinforced learning

control the moda.ai labeled data and feed the errors back

expand e-commerce

automatic labelling of product data
customer recommender engine
